A Message from the Director

Last June, the voters spoke. After re-examining the existing building problems and parking issues, the board found that it would be less costly, and will result in fewer service interruptions, to undertake a full renovation at one time rather than on a piecemeal basis.

On Tuesday, March 14, the Library will hold a referendum for the complete renovation of the existing building, and to acquire the adjacent property and building for additional and safer parking and more space at a greatly reduced cost compared to a new building. The renovation will include a new roof, insulation throughout the building, new energy efficient heating and cooling systems, and lighting. A new Automatic Fire Sprinkler System is required. The floor plan will be revamped to better meet current uses and future needs.

The proposed bond is for \$9,877,000. The annual cost to the owner of a home valued at \$350,000 is \$64/year, or \$5.33/month. Information on voter registration and absentee ballot applications are available in the Library and on the Library website. More detailed information about the project will be available in a soon-to-follow special mailing, and on the library website.

Everyone is Irish on St. Patrick's Day! Cheer us on as we pass by in the Annual St. Patrick's Day Parade on Saturday, March 18, or sign up at the library to march in the parade with library staff, Trustees and Friends! We will distribute lucky "Book Bucks," good for a free book from the Friends of the Library Bookstore.

Special Program: Good Ground Seed Library opening Wednesday, March 8!

The Good Ground Seed Library will be unveiled on March 8 at 6:30 pm in the Reference Department. Following the unveiling at 7:00 pm, in the Helen Gould Program room, ECI (Ecological Culture Initiative), a local non-profit organization, will present **Reclaiming Our Good Ground: Sowing the Seeds of Change**. Come learn how we can create a pedestrian-friendly, welcoming, historic Main Street composed of local eateries and shops, owned by local people who ensure they are provisioned by local organic farms and sustainable wild fisheries, in buildings built from natural materials, serviced by local tradespeople, and populated by the same society of beachgoers, families, fisherman, intellectuals, surfers, and lovers of the outdoors who have always worked and played on the waters and in the woods in which we dwell.

Please note: the Library will be closed on Tuesday, May 16 for Staff Development.

Sincerely,
Susan LaVista, Library Director
